FOREWORD

I found it expedient to avail myself of this opportunity, on the occasion of the publication of Volume IV studbook of the Islamic Republic of Iran, to express my gratitude to all those who with great passion, interest and effort have been able to put together the current volume and to place it at the disposal of our Asil horse supporters.

I would also like to dedicate this book to the “ the Asil horse lady of Iran”, the late Mary Leily Gharagozlou, whose diligent work and lifelong dedication has made the publication of the first Iranian Studbook possible.

The importance of producing a studbook on a regular basis is magnified by the fact that Iran has come to be known as an important country in the breeding of Asil horses in the world, and being an active member of WAHO has contributed to this success. However, this success is dependent on the ability of Iranian breeders to present their produce in international markets, thus underlining the importance of the animal health authorities for facilitating the introduction of internationally recognised quarantine procedures. The Federation will undoubtedly assist the authorities in every manner possible.

Finally, I should like to thank all owners and lovers of the Asil horse, who in cooperating with my colleagues have made the publication of this volume possible. The organisation and the management of the Studbook Board and the competence and capable work of the Technical deputy section staff, in every aspect of the work have made the compilation of this volume possible. This is yet one more precious link in the chain of the Iranian Studbook of Asil horses. We look forward to the continuing of this valuable cooperation and future generations will surely appreciate the efforts shown by all concerned.

Mr.Masoud Khalili

President of the Equestrian Federation of the Islamic Republic of Iran

PREFACE

The Equestrian Federation of the Islamic Republic of Iran is pleased to present our Arabian Studbook Volume IV. This studbook is divided into several sections for ease of reference, as follows:

Section 1 contains the entries for Arabian horses born in Iran between 2004 to 2007, including some late registered horses which were not entered in our previous Volume III. All the horses born within the mentioned period have been parentage tested. Microchipping all foals born in the country was started in 2004. Previously, the Registry was freeze branding all youngsters. All registered horses are issued with a passport.

The Studbook authority has traditionally required domestic breeders to name their horses using a particular system, which works well for us and makes determining the age of our horses easy to follow for our breeders and owners. Each year, breeders must choose names for their foals which start with one letter of the Persian alphabet, meaning that each horse born from January to December in a particular year all have names starting with the same letter.

Section 2 contains Sires and their progeny

Section 3 encompasses the Dams and their produce.

Section 4 is a corrected version of all horses imported to Iran and fully registered as imports which were already entered in our previous studbook no III.

Section 5 covers all horses imported to Iran and fully registered as imports between January 2011 to December 2013.

Section 6 is the Obituary, of horses died within the mentioned period.

An Index of all horses entered in Volume 4 can be found in the beginning of the book.

WAHO requires that studbooks are publish no more than every 4 years. Therefore, in order to comply, we plan to issue Volume V in the near future, which will contain the entries for the Arabian horses born in Iran from 2008 to 2014 as well as all fully registered imports in the year 2014.

Since our first printed Stud Book, horses were registered under their serial numbers, allocated to them when the studbook was compiled. Their numbers were not as high as they are now, and at the time, it was an easy way to find them and their pedigree.

However, this is not the case anymore and the Arabian Registry faced the need to modernize its registration procedure.

Therefore, it is worth noting that our Arabian Registry has recently updated its computer software, which has simplified and speeded up the registration of our horses considerably, however this means that new Registration numbers have had to be allocated to all registered horses. These will be shown in Volume V.

This studbook has been compiled by the Technical Deputy of the Equestrian Federation of Islamic Republic of Iran,.

PRESIDENT OF IRIEF

Mr.Massoud KHALILI

REGISTRAR of Arabian Stud Book Office and Head of Genealogy Department
Mr. Alireza SHAHBAZI

STAFF MEMBERS:

Mrs. Nasrin NAYEBINEJAD (Studbook Registration)
Mrs. Sarah REZAINEJAD (Studbook Registration)
Mr. Dariush RASTEGAR (Micro chipping and DNA control section)

CONSULTANTS

This Stud Book is kept in accordance with the rules and regulations of the World Arabian Horse Organization.

مقدمه

برخود لازم دیدم در آستانه انتشار "جلد چهارم تبارنامه اسب اصیل ایران" به بهانه قدردانی از تمامی کسانی که با عشق و علاقه و صرف وقت و دقت موفق شده اند نسخه فعلی را تدوین و در اختیار علاقمندان به اسب اصیل کشور قرار دهند، مختصراً مطالبی را عرض نمایم. در برنامه های اصلاح نژادی، هدف این است که اسب های دارای ظرفیت ژنتیکی بالاتر از میانگین جمعیت آن نژاد، شناسایی و انتخاب شده و از آن ها به عنوان والدین نسل بعد استفاده شود، بدین ترتیب انتظار می رود که میانگین ظرفیت ژنتیکی کره ها بیشتر از میانگین نسل والدین آن ها باشد. خوشبختانه به همت بانوی اسب اصیل ایران شادروان مری لیلی قره گوزلو از سالیان گذشته با معرفی کتاب اول تبارنامه و پس از آن تدوین کتاب های بعدی به همت دلسوزان این صنعت، این امر مهم محقق شده است و تولیدکنندگان کشور خود شاهدند که تولیدات آن ها نسبت به گذشته به مراتب مطلوب تر است.

اهمیت تدوین تبارنامه و ضوابط حاکم بر آن سبب شده است، ایران به عنوان یکی از کشورهای موفق در تولید اسب های اصیل در دنیا معرفی شده و به عنوان یکی از اعضاء واهو با تلاش های صورت گرفته، خود را در زمره موفق ترین کشورهای عضو آن سازمان به دنیا معرفی نماید. بی شک این تلاش ها زمانی به ثمر خواهد نشست که تولیدکنندگان ایرانی بتوانند کره های تولیدی خود را که به یقین چیزی از تولیدات خارجی کم نخواهند داشت در بازارهای بین المللی عرضه نمایند و مهم زمانی است که مسئولان محترم بهداشت اسب، قرنطینه قابل قبول را مهیا نمایند و بی شک فدراسیون نیز در این مسیر از هیچ اقدامی کوتاهی نخواهد کرد.

در خاتمه لازم می دانم از تمامی مالکین و علاقمندان به اسب اصیل که با همکاری بی وصف خود همکاران عزیز من را در تدوین این کتاب یاری نموده اند قدردانی نمایم. سازماندهی و مدیریت اعضاء محترم شورای تبارنامه، تلاش و دقت و وسواس گونه ی سرکار خانم کاترینا قلاوند و کمک های همه جانبه سرکار خانم امیراصلانی در جمع آوری اطلاعات و هم یاری تیم تدوین و علاقمندی تک تک همکاران پرتلاش در شورای تبارنامه فدراسیون سوارکاری سبب گردید این کتاب نفیس به عنوان حلقه ای گران بها در زنجیره تبارنامه اسب اصیل ایران در دست ایرانیان بدرخشد و دست مایه تولیدات ممتاز آینده این نژاد در کشور عزیزمان گردد. به همه این عزیزان خدقوت و خسته نباشید عرض نموده، تقاضای ادامه همکاری در این مسیر درخشان را می نمایم.

بی تردید روزی فراخواهد رسید که شمارگان کتاب تبارنامه اسب اصیل کشور دو رقمی و یا سه رقمی می گردد و آن زمان است که ارزش حقیقی همت این همکاران در تدوین کتاب های پیشین برگ زرینی در تاریخ اسب کشور قلمداد می گردد.

مسعود خلیلی

رئیس فدراسیون سوارکاری
